APPROXIMATE DIMENSIONS OF MOST LAPTOP CON
This applies to all demo computers and therefore will act
for this project.

Landing page (diagram 1) will have a scroll down option
footer may need to be longer depending on required info

Diagram 3 shows an account page, with the option to cre
or social media, and to login to an existing account. This
the user as a user not as a restaurant, but the restaurant
easily.

Diagram 4 shows a register restaurant page with many f
check.

Diagram 5 shows an account page. The user should be
information, their previous bookings, and any reviews or
general activity exists, there will be a placeholder box wi
activity!".

The account page for restaurants will be similar, but with
bookings and see user reviews in respective place of pre
previous activity.

DIAGRAM 6 shows the search end page for restaurants
Underlined content can be clicked on by users. DIAGRA
page where users can book and leave reviews.

MPUTERS - 1368 * 768
